Sacred Heart Parish Mission Statement

"Sacred Heart Catholic Parish exists to foster a community of disciples in response to the Gospel of Jesus Christ through Worship, Fellowship, Catholic Education and Service"

Organ Cleaning

This past week a long overdue project commenced – the cleaning of the Organ pipes. This project, originally envisioned to take place after our 2012 construction project which brought a great amount of dust into the Church due to the installation of the life safety systems (sprinklers), has begun. There is no single reason as to why the project was delayed for so long, but I am happy it has finally begun through the help of generous donors.

With the cleaning also comes the restoration of dead notes. Dead notes are pipes that do not sound when the stop is pulled open and the note is played on the keyboard. Unfortunately cleaning alone will not be able to remedy the issues with some of these dead notes. Allen Moe who has long maintained our organ noted to me that each pipe has a thin leather membrane required to open the pipes once they are played. Overtime these membranes deteriorate. After 30 plus years of operation this has begun to happen within our Organ pipes.

Up to this point about 50% of the Pipes in the Swell Division have this problem. With these pipes being removed due to the cleaning it makes sense to also restore the Swell Division at this time.

This will add to the cost of the originally envisioned cleaning project, but a Pipe Organ, as pretty as it is by itself, does need the ability to make sound through her pipes, otherwise she is useless. Fortunately most of the pipes in the Great

Division and Positive Division are still functioning properly as intended. However, these pipe divisions will also need restoration as the same thin leather membrane installed in 1989 will also have issues. It will be too costly at this time to restore all three divisions at the same time, but plans will be made to accomplish this restoration as well. We will update you on these matters as more information becomes available.

Make it a blessed day!

Yours in the Sacred Heart of Jesus,
Fr. Bryan J.B. Pedersen

GOSPEL MEDITATION

Encourage Deeper Understanding of Scripture

Using the best seeds doesn't always guarantee the best plants. An older Italian gentleman straight from Italy gave me these amazing tomato seeds that he claimed produced the best tomatoes ever grown. Without doubt, the fruit he shared with me was a testament to that fact. These tomatoes were amazing! I couldn't wait until the next growing season to plant these seeds and harvest my own tomatoes. The whole experiment ended up a failure. I did everything the gentleman said, but my fruit didn't even come close. What happened? At first I was perplexed, then some years later the light dawned. The problem wasn't the seeds, it was the soil!

You cannot sow seeds in any old place and in a haphazard way and expect them to be at their best. It doesn't work that way. Planting the seeds is the easiest part. Preparing the soil is the challenge. Tilling, mulching, enriching, and building up the nutrients are all required for good fruit. Then after the seeds are planted, more care is required in order to maintain that healthy, nutrient rich environment for those seeds to sprout, grow, and flourish. God happily sows the seeds of his Word. What do we do with them?

If we expect to be a passive bystander and have good fruit magically grow, we are mistaken. Bearing the good fruit of God's Word requires preparation and work. We have to cultivate the soil of our lives so that those seeds can find a proper home. This one thing alone takes a great deal of patience, time, and effort. What kind of preparation have we put into our lives so that we can be a recipient of God's seed? It takes a great deal of soul-searching and ego-checking to properly prepare. God is the ever faithful and persistent sower. If the seeds do not bear fruit the first time, God will come back time and time again, giving it another try.

If we have created a suitable bed for sowing, then once the seed is sown, we must properly maintain them. What is our maintenance plan for the seeds of God's Word? We need not only a source for water but a watering schedule. We need to weed, aerate the soil, nurture the young plants, protect them, and provide proper nutrients. What does our spiritual maintenance plan look like? If we have done all things well, imagine what the seeds of God's Word could produce in us!

Pray for COVID-19 Anointing Corps, Patients, Families and Medical Support Teams

Parishioners across the Archdiocese are invited to prayerfully support those who are suffering most intensely, usually in sterile isolation, as a result of the COVID-19 pandemic.

Text archspm-anointing to 55321 or visit eva.us/archspm-anointing to receive a text each time a COVID-19 Anointing Corps Priest is dispatched to give the Last Rites. Upon receipt of the text, those in this ministry commit to take a moment to pray:

One Our Father for the patient who is in danger of death, as they prepare to meet our Heavenly Father face-to face;

One Hail Mary for the patient's family and friends, asking the Blessed Mother, Our Lady of Sorrows, to intercede to comfort them; and One Glory Be in thanksgiving for the priest and for his protection, as well as the medical team attending to the patient.

For more ways to pray for those affected by COVID-19, visit archspm.org/covid19prayers.

We have an amazing opportunity that has come our way from the Richard M. Schulze Family Foundation.

On July 1, 2020, we embark on a 45-day challenge matching grant. We need to raise \$15,000 in 45 days in order to receive a match of \$15,000 from the Schulze Family Foundation for a total of \$30,000. We do not receive any additional matching funds unless we raise \$15,000. It is **an all or nothing** grant that ends on August 15, 2020.

We prayerfully ask you to consider becoming a fundraising leader to help us fulfill our challenge matching grant and double our donation's impact!
